

“Caviar effect”

GOLDENBLACK

ROYAL CAVIAR CREAM

BLACK CAVIAR;
"THE MOST VALUABLE TASTE OF ALL TIME"

The most important and beneficial effect of caviar, which is a fish egg, is that it has a skin regenerating property. Especially, if signs of aging have appeared on skin, the consumption of caviar at certain intervals gives beneficial results. Caviar is effective in removing wrinkles that develop in both the face and other parts of the body. Vitamin A and E, which are among vitamins with antioxidant effect, inhibit cell aging by delaying cell wearing out. In this way, it also shows an anti-wrinkle feature that retards the effects of aging on the skin. On the other hand, it increases the synthesis of collagen and keeps the skin tissue young. Along with various minerals such as zinc, caviar protects the skin from external factors while feeding skin cells with omega-3 and vitamin B-12 content. It provides a moist, radiant and fresh look to the skin by giving it minerals and vitamins.

GOLDENBLACK

ROYAL CAVIAR CREAM

YOUTH WITH CAVIAR

CAVIAR ANTI AGE SKIN CARE

Caviar extract is included in all the six products in this series. This impressive extract with a rich content is combined with the mysterious power of the sea and pure luxury.

With Royal Golden Black care, you will get pleasure from the magnificent change in your skin by seeing as well as feeling it. Caviar, which is a very rich protein, phospholipid, mineral and vitamin source, is a very effective anti-age component thanks to these properties. The phospholipid contained in the caviar moisturizes the skin; and it removes the roughness caused by drying and makes the skin look smoother, brighter and more beautiful. Protein nourishes, repairs and strengthens the skin; it helps skin regeneration, tightening and attaining elasticity, helps to eliminate wrinkles and mimic lines, and it reduces aging effects. Vitamins and minerals protect the skin against free radicals and provide anti-oxidant effect, reduce wrinkles on the skin surface by supporting collagen production, and delay the lines that arrive with aging. Thanks to its caviar extract and other active anti-age components, the Royal Caviar Cream - Golden Black series makes the skin look younger and more beautiful, by configuring the skin that loses its smoothness and flexibility due to internal and external influences, and begins to wrinkle.
